Conference location

Utrecht of all the Dutch cities has the largest number of cultural treasures per square kilometre, functions as the central shopping city, is a true culinary paradise and is home to the largest university in the country. Utrecht is also home to icons such as Dick Bruna and his Miffy, architect and furniture maker Gerrit Rietveld and the design brand Pastoe.

The city is characterised by the unique wharf system along the canals used in summer by restaurants and bars to set up terraces where you can enjoy a nice drink or some food.

Pride of the city is the Dom tower, which at 112 meters is the highest church tower in the Netherlands.

Amsterdam, the capital of the Netherlands is easily reached by train in only 30 minutes.
